PIONEER

## LEGACY | 3LG260H

Legacy with its smooth graceful design, embodies classic style with a contemporary flair. Paired with an array of radiant PVD finishes and low flow technology, to offer the best possible user experience. Full metal and brass parts, along with smooth-handling ceramic disc cartridges, provide for increased durability and longevity compared to competing products. All of these combined make for the unmatched quality and style that Pioneer is known for.
