i2v Series

The Olympia i2v series is a value-driven product line that integrates modern style in a high-quality build. i2v series faucets are easy to install, incorporate water saving technology, built to exceed regulatory requirements, and are 100% factory tested, ensuring increased durability and longevity compared to competing products. Each i2v faucet is backed by Olympia's superior service and delivery, and a lifetime residential warranty unmatched for products in its class.
